JOB PRINTING.

HAVING CONNECTED WITH THIS OFFICE a good Job Printer, we are prepared to execute all orders in this department with neatness and dispatch. We would respectfully ask merchants and all others who want

CARDS, CIRCULARS, PAMPHLETS, BLANKS, HANDBILLS, BILL-HEADS, TICKETS, PROGRAMMES, CATALOGUES, To give us a call. Our Job type are of the most modern manufacture, and cannot fail to please all who may favor us with their patronage.

COMMON PLEAS JUDGES.—The following is a list of Jurors of the Court of Common Pleas of Carroll county, for the November term of 1855, commencing on Monday, the 5th day of said month.

FLUOR LAMPS.—Dr. Boegel has received a splendid assortment of fluid lamps—glass and brass—varying in price for 18 cents to \$3.50. Also Wright's etherial oil expressly for such lamps. The light afforded by these lamps is clear, brilliant and pure. No fears need be apprehended from explosions, as can be demonstrated to satisfaction. We make the following extract from Wright's circular.

"To those who have not yet had this beautiful light introduced into their neighborhood, the subscriber would simply say, that within the last two years he has been instrumental in introducing it into a large number of cities and towns in the South and South-West, in all of which it has become quite an item of trade, and never fails to supersede all other kinds of artificial light, its clearness and purity always giving it a decided preference."

The Doc. is in receipt of almanacs for 1856. Any person desiring to procure either a German or English almanac, can be accommodated at Boegel's drug store.

GOOD LUCK ATTEND HIM.—Dr. P. W. Lee, late of the firm of Cary & Lee, of this place, has removed to Carrollton, Ohio, where he designs practicing his profession. We have long been intimately acquainted with Dr. L., and knew him to be a young man of excellent qualities and superior attainments. He well understands his profession, and we believe he will receive as he certainly merits, a very liberal share of patronage.—Salem Republican.

With pleasure do we give place to the foregoing complimentary notice of Dr. Lee, now associated with Dr. J. S. Hunter, of this place, in the practice of medicine. Mr. Lee is an accomplished gentleman and doubtless understands his profession thoroughly. We congratulate our citizens in the acquisition of his services, and would recommend him to their valuable consideration—hoping also that he may receive a liberal share of patronage.

CARROLL CO. R. R.—We are indebted to the Superintendent of this railroad for a new Time Table, to which we invite special attention.—The time of leaving this place is changed from 5 o'clock, A. M., to 7 1/2 A. M. Time of arrival same as before. By present arrangements passengers can be conveyed without delay, in any direction they choose.

LITTLE TOO LATE.—The Locofoco pop gun, the Companion, was a little too late with its last "keg of ink." Governor Shannon's bogus defence was too late to affect the election—it being over—Similar is the worthy correspondent, "Augusta," of whom we hope to hear often from, who writes "concise sentences," giving "nervous digs." Would it not be well for some friend of that ignoramus to inform him that the election is over. He had better save his powder—he may be an almighty somebody some day; but it would be well for him to recollect for the present the old saying—"hold your tongue and nobody will know you are a fool."

COMMON PLEAS JUDGE.—The New Lisbon Buckeye State says: "John Clarke, Esq., of this place, has been appointed Judge of this Judicial District, in place of Judge Belden, resigned. The Judge has the reputation of being a good lawyer."

Judge Belden resigned for the purpose of being elected State Senator, but was defeated. Bad bargain that time.

MEDICAL SPECIALIST.—The second number of this new work is on our table. The Specialist fearlessly lays hold of quacks and impostors and deals with them as they deserve. On our first page, under the head of "Quacks and Quackeries" may be found a sample of the manner this Journal deals with that class of persons. Terms \$1.00 per annum.

ARTHUR'S MAGAZINE.—The November number of this superb Magazine is on our table.—It contains all the attractions of its predecessors. As the present year is drawing to a close, it will be well for those who intend to furnish

their centre tables with a good periodical, to make a selection for the coming year. To such we would recommend a careful examination of Arthur. Terms two dollars a year. Address T. S. Arthur & Co., Philadelphia, Pa.

GODFREY FOR NOVEMBER is on hand. The number before us is a splendid one—containing another of those beautiful gemograph engravings not found in other magazines. Its fashion plate is beautiful. The Lady's Book is the pioneer magazine—and not only a useful companion, but a very handsome ornament for the centre table. The Lady's Book will contain several 'new features' the coming year—for which and terms, see prospectus in this week's paper.

The November number of the Youth's Casket is on our table—containing a choice selection of stories, for children. Send for the Casket. Price 50 cents a year. Address E. E. Beadle, Buffalo, New York.

FROM EUROPE.

[By Telegraph to the Cleveland Leader.]

ARRIVAL OF THE ATLANTIC.

NEW YORK, Oct. 18.

The Atlantic arrived at half-past 8 o'clock this forenoon, with Liverpool dates to October 6th.

Sevastopol was certain to be blown up by the Allies, and mines are said to have been sunk already for the purpose.

Gortschakoff's army was threatened by forces of the allies from Eupatoria and Baidar.

On the 29th of September some Russians were defeated near Eupatoria by French cavalry, with a loss of 50 killed and 105 prisoners. French losses, 6 killed and 27 wounded.

Gortschakoff reports that on the 3d an ineffectual movement had been made on the left flank.

A portion of the allied fleet sailed on a secret expedition, recently, and are supposed to be bound for Nicoloff or Odessa.

The Czar was at Odessa. He had issued an encouraging address to the Russian people. A collision is anticipated between the Western Powers and the King of Greece, on account of the latter's Russian privacies.

The food question is still serious on both France and Germany.

The Allies have mounted a large number of mortars at Sevastopol, preparatory to bombarding the Russian position on the north side.

A new Danish Constitution has been promulgated at Copenhagen. Ferdinand, uncle to the King, having refused his signature, was dismissed from the command of Zealand.

Russia had captured the Turkish convoy at Kurs with provisions for the garrison; with 1000 horses and 3000 men.

The restrictions on the importation of salt into Russia had been abolished.

The Revenue returns of Great Britain show an increase of nearly £8,500,000 sterling, owing chiefly to the additional income tax.

Kurs still held out, but its provisions are nearly exhausted. It was anticipated, however, that the snow would compel the Russians to retire.

The Ericsson arrived at Southampton, September 29th.

The correspondent of the London News says the Russians are making preparations for the evacuation of the north side.

Gortschakoff has published a hopeful address to his soldiers. He admits the loss of from 600 to 1000 men per day for the 30 days previous to the close of the siege but says, in conclusion, "Sevastopol only enchaines us to its walls; we are now free and a new war commences."

A letter from Revel estimates the Russian marine losses in that part of the Baltic last year at 40,000 tons.

De Lisie, (Gardiv & Co.), merchants of London, have failed for £400,000. Engaged principally in the Canadian trade.

ADDITIONAL BY THE ATLANTIC.

NEW YORK, Oct. 18.

We learn that the Czar has left Nicoloff for the Crimea.

Various Russian and Prussian accounts state that the war is to be carried on in the greatest determination and that the Or men is to be defended to the last extremity.

Gen Mouraviev, who is now in Asia, will take the place of Prince Gortschakoff, who is to become Minister of war.

Moscow advises state that 193,000 men have been added to the Military forces of Russia.

A letter from St. Petersburg states that the evening before the departure of the Emperor for the South a grand Council was held, at which it was decided to carry on the war with the greatest energy.

Accounts had been received from Constantinople to September 24.

Thirteen thousand of the Anglo-Turkish contingent force had left for Varna, where they will take up their winter quarters.

Omar Pacha is concentrating fifty thousand men at Chikale, a part of the frontier of Asia, which the Turks took from the Russians as the commencement of the war.

Generals Cemeberner, Earl of Stratford and Viscount Harding were made field Marshals.

An order for reinforcements for the Crimean army had been issued in Turin. The Italians are trying to get up a general rising against Austria, Mazzini, Ledine, Rolin and Kossov have issued a joint appeal to all the suffering nationalities. They are to act together.

FIRE IN CINCINNATI.—An extensive and destructive conflagration occurred in Cincinnati on the morning of the 14th inst. The fire broke out about fifteen minutes past six o'clock, in the rear cellar of the factory, where was deposited a mass of rubbish, sawdust and loose lumber. The watchman of the premises, Henry Grossone, had left the factory only a few minutes when the fire broke out, and from the fact that there had been no fire about the building during the night, it is supposed that as the watchman left, an incendiary entered by one of the rear windows and applied the torch. The material in this cellar was of such a combustible nature, that the flames spread with fearful rapidity.

A row of old frame houses owned by Hon. Judge McLean, immediately opposite, were also partly destroyed, as was a large portion of lumber in the yard of H. G. & Co., directly west of their factory and stable. In the McLean Row there resided some twenty families,

and the confusion and excitement which existed during the fire is indescribable. Loss estimated at \$150,000.

FATAL ACCIDENT.—Conard Gearheart, a resident of North Georgetown, in this county, was killed at West Chester, Pa., on Friday last by being thrown under the locomotive. He was trying to separate a drove of sheep that were on the track to prevent them from being run over, and riding too close to the engine, his horse took fright and, in his endeavor to extricate himself from the saddle, he was thrown on the track immediately in front of the locomotive, the front wheels of which passed over his head killing him instantly.

His body was brought to this place on Sunday evening last, in charge of Foreman of the coroner's jury and was taken to his home in North Georgetown, and interred. He was a man of considerable property, and over eleven hundred dollars in money, and drafts and notes amounting to several thousand dollars, were found on his person when killed. He was a drover by occupation, and was thus employed, when he met with his untimely end.—[Salem Republican, 17th inst.]

A GOOD TIME.—Just as the Republican meeting, in Albany, had assembled, on Friday evening, and filled the City Hall to its utmost capacity with Freeman, to listen to a speech from Governor Seward, the President of the meeting received a despatch from Ohio, stating that the Buckeye State had gone for Chase by nearly 20,000 majority; that all the Republican State ticket was elected, and that the Legislature was overwhelming Republican. He read this despatch to the Convention, when the shouts and hurrahs were perfectly deafening, and were kept up for some minutes. The utmost enthusiasm prevailed.

U. S. SOLDIERS.—On Sunday evening last, a company of "Uncle Sam's boys," under the command of Col. Alexander, passed through here on the O. & P. Railroad. They were from Carlisle barracks, and were destined for Galena, Ill., where they will be distributed to different parts of the West. The O. & P. R. R. Company got \$3,000 for carrying them over the road, and gave the use of their cars to Indianapolis.—[Alliance Ledger, 20th inst.]

H. J. Van Vorhes, Esq., who has conducted the editorial department of the Athens Messenger for eleven years, retires from that paper. He is succeeded by G. S. Walsh, Esq.

The Daily Sandusky Mirror died the day after the election. It yielded up the ghost with mother Democracy. So it goes.

The sixth annual Woman's Rights Convention met at Smith & Nixons Hall, in Cincinnati, on Wednesday morning the 17th inst. The following officers were elected: President Mrs. Martha C. Wright of New York.

Vice President—Ernestine L. Rose, of New York; James Mott, Pennsylvania; Francis D. Gage, Missouri; Hannah M. Tracy Cutler, Emily Robinson, Ohio; Euphemia Cochran, Michigan; and Paulina W. Davis, Rhode Island.

Secretaries—Mrs. Rebecca Plumley, and Wm. Henry Smith.

NEW SPECIAL NOTICES.

Hoodlums German Bitters.—These celebrated Bitters, prepared by Dr. C. M. Jackson, 120 Arch street, Philadelphia, are performing astonishing cures throughout the whole country. We can bear witness to their curative powers in the case of a friend of ours who had the Liver Complaint, and who had tried almost every other medicine, but without effect. After taking a few bottles of these Bitters he was entirely cured. To those who are similarly afflicted we recommend them to take the preparation, knowing that they will cure the disease spoken of, and many others to which "Bitters" is heir to. There is a spurious article made in Philadelphia. The place to get the genuine article is 120 Arch street, Philadelphia, of Dr. Jackson, or his agents throughout the country.

Sold by Dr. C. A. Boegel, Carrollton, Ohio, Oct. 18.

LIVER DISEASE.—Carter's Spanish Mixture, as a remedy for liver disease, and the number of formidable evils connected with a disordered state of that organ, is unrivaled.

Hundreds of certificates, from the highest sources of persons, living in the City of Richmond, Va., might be given of cures effected by Carter's Spanish Mixture.—We have only room to refer to the extraordinary cure of Samuel M. Drinker, Esq., of the firm of Drinker and Morris, Bankers, Richmond, Va., who was cured by two bottles of Carter's Spanish Mixture, after three years suffering from diseased liver. He says his action on the blood is wonderful, better than all the medicine he had ever taken, and cheerfully recommends it to all.

THE GREAT NATURAL REMEDY.

FOR INDIGESTION & DYSPEPSIA.

Dr. J. S. Houghton's Digestive Fluid, or Gastric Remedy, still holds the first place among all the various remedies for these painful and destructive complaints. It is Nature's own specific for an unhealthy stomach. No art of man can equal its curative powers, and no sufferer from Indigestion and Dyspepsia should fail to try it.
